

## First aid bag h13\_311

Professional emergency bag in water-resistant 600D polyester (65x35x35 cm) with 6 modular compartments and waterproof rubber bottom for rescue.

The **large emergency bag H13\_311** is a professional device designed to meet the needs of doctors, paramedics, and rescue workers during critical interventions. The structure in **600D polyester** ensures high mechanical resistance and protection against water, ensuring maximum durability even in adverse environmental conditions. With a generous volume and a flexible internal configuration, it allows for the rational organization of diagnostic and first-aid tools and equipment.

## Technical specifications
