

First aid emergency bag h687_15

First aid bag ideal for transporting medical instruments. Dimensions: 570 x 320 x 210 mm. Color: red/white.

The first aid emergency bag represents an indispensable product for healthcare workers, doctors and nurses daily involved in rescue operations and medical assistance at accident sites.

The large bag allows for the transport and storage of everything necessary for an effective approach to resuscitation procedures.

Thanks to the shoulder strap and carrying handles, the bag is easy to transport, while the side pockets with zip closures allow for the differentiation of equipment.

Internal dividers allow for a logical and orderly arrangement of the contents.

Technical features:

- Material: nylon
- Shoulder strap and carrying handles
- Compact and practical to use
- Internal dividers
- Side pockets with zip closure
- Color: red/white
- Dimensions: 570 x 320 x 210 mm
- Weight: 1.2 ± 0.1kg
