

Fixed-height gynecological chair without armrests h904_40

Fixed-height gynecological chair in metal and eco-leather. 5 cm padding and leg rests included for maximum comfort in clinical settings.

The **h904_40 gynecological chair** is a professional solution designed for medical offices and specialized environments that require stable and functional support during diagnostic examinations. The **white painted metal structure** guarantees superior structural solidity, while the design without armrests is studied to offer medical staff maximum freedom of movement and unobstructed access to the patient.

Comfort is guaranteed by a **high-density soft foam padding** with a thickness of 5 cm, covered in high-quality eco-leather. This material not only ensures a comfortable seat even for prolonged sessions, but allows for quick and effective sanitization, fundamental for maintaining the hygiene standards required by healthcare contexts.
