

Foam physiotherapy massage mat h. 1.5 cm h731_68

Closed-cell foam mat for physiotherapy and hydrotherapy, 200x125 cm. Antibacterial, waterproof, and CE certified for medical use.

The **professional gymnastics mat** is designed to support physiotherapy, rehabilitation, and hydrotherapy sessions in clinical and sporting contexts. Made of high-quality **closed-cell foam**, this support offers a total barrier against the absorption of water, humidity, and dust, ensuring maximum operational hygiene. The structure is inherently **antibacterial and fungicidal**, making it suitable for prolonged use in humid environments and for direct contact with the skin.
