

Foam rehabilitation mat h. 2.5 cm h731_67

Closed-cell foam rehabilitation mat, 200x100x2.5 cm. Waterproof and cushioning, ideal for physiotherapy and professional use. This **professional roll-up mat** is designed for intensive use in physiotherapy, rehabilitation, and sports contexts. The **closed-cell foam** structure acts as a system of micro-air cushions that guarantee constant support, while preventing the absorption of water, humidity, and dust. The surface is treated to be **compact and non-slip**, ensuring a secure grip during exercises and a comfortable feel in skin contact.
