

## Foldaway bed for nursery school h681\_09

Foldaway wooden cot for children with ABS edges, 70x17x140 cm. Professional space-saving solution for nurseries and kindergartens.

The **foldaway cot for children** represents a professional solution specifically designed for the furnishing of nurseries, kindergartens, and playrooms. The structure meets the need to manage multi-functional spaces, allowing for the rapid transformation of the rest area into a play area. Made of **high-resistance wood**, the unit integrates a vertical closing system assisted by a **magnet with an ergonomic knob**, which combines anti-accidental opening safety with operational practicality for school staff.

## Technical features

- **Dimensions:** W70 x D17 x H140 cm (closed configuration)
- **Material:** Wood with non-toxic surface finishes
- **Safety:** Rounded perimeter edges in anti-impact ABS
- **Mechanism:** Foldaway opening and closing with magnetic locking
- **Overall dimensions:** Compact design for volumetric optimization of environments

### Available options:

- Custom-made mattress compatible with the internal dimensions of the structure
