

Folding crate trolley with rubber wheels h1035_13

Professional aluminum crate trolley, folding and telescopic. Load capacity 90 kg, 180 mm wheels. Lightweight and compact for dynamic deliveries.

The **folding crate trolley h1035_13** is a professional tool designed to optimize handling operations in dynamic contexts such as last-mile logistics, commerce, and technical maintenance. The **aluminum** structure ensures an optimal combination of structural lightness and mechanical resistance, making it a reliable support for transporting medium-sized boxes, crates, and packages.

Equipped with a **telescopic and foldable** system, the trolley effectively solves the problem of space constraints in commercial vehicles or warehouses with limited space. The **load capacity of 90 kg** and the stability guaranteed by the large-diameter wheels allow for safe operation while reducing the operator's physical effort.

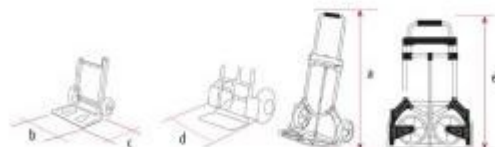

Technical characteristics

- **Type:** Folding telescopic crate trolley
- **Material:** Aluminum
- **Load capacity:** 90 kg
- **Total dimensions (open):** 980 (height) x 500 (depth) mm
- **Loading platform dimensions:** 480 x 270 mm
- **Wheel diameter:** 180 mm
- **Wheel type:** Solid rubber
- **Folded dimensions:** 730 x 480 mm
- **Operating weight:** 5.10 kg
