

Folding display trolley 50x160 cm h757_43

Folding aluminium trolley for fruit crates. Dimensions: 50 x 160 x H 67 cm.

The **H757_43 folding display trolley** is a professional, compact, and manageable solution, designed for setting up **fruit crates in markets, fairs, and temporary exhibition spaces**. Thanks to its **entirely aluminium structure** and **folding system**, it is ideal for those who require **fast transport, simple assembly, and space optimization**.

Made with a **resistant 35x20 mm aluminium profile**, completed by **50 mm oval tubes**, a **special profile edge**, and an **insert profile**, the trolley offers **robustness and durability** while maintaining a low weight.

The **reinforced hinges** and **bolted fastening** guarantee a **stable and secure structure**, even in case of intensive use.

Equipped with **four swivel wheels, two of which with brakes**, it allows agile and safe movement during loading, display, and sale phases. The **anti-accident rounded die-cast aluminium corners** ensure greater protection during handling.

The support surface measures **50 x 160 cm**, perfect for holding **standard Euro crates**. The rear foot height is **67 cm**, offering optimal visibility of the goods.

Once closed, the trolley reaches compact dimensions: **55 x 180 x 37 cm**, ideal for transport in vans or for storage in small spaces.

Buy the **H757_43 folding display trolley** now: practicality, solidity, and mobility for your professional setups. Request a quote for multiple supplies.
