

Folding luggage rack h24258

Steel luggage rack. Dimensions: 49x48x74 cm. Maximum load capacity: 60 kg.

The **h24258 folding luggage rack** represents a practical and functional solution, designed to optimize guest reception and space organization in **hotel, B&B and hospitality facility** rooms. Made with a solid **2.5 cm diameter steel frame**, this support guarantees superior stability, allowing the management of bulky luggage with a certified load capacity of up to **60 kg**. The simplicity of use and essential design solve the operational problem of managing guest luggage, while protecting room furnishings from scratches or impacts. Thanks to its **space-saving** nature, the luggage rack can be folded in moments to a thickness of only 7 cm, facilitating the work of housekeeping staff during cleaning or tidying operations.
