

Folding platform trolley h1035_02

Folding platform trolley in painted steel, 90x60 cm. 300 kg load capacity, 125 mm wheels and non-slip surface for professional logistics use.

The **folding platform trolley h1035_02** is a professional tool designed for the intensive handling of heavy loads within **warehouses, industries, logistics centers, and commercial activities**. The reinforced structure in **epoxy powder-coated steel** ensures high mechanical resistance and long-lasting protection against surface wear, solving the critical issues related to the transport of bulky materials in dynamic operating environments.

The **600x900 mm** loading platform is integrated with a **blue non-slip mat**, essential for maintaining load stability and preventing crates and boxes from sliding during steering maneuvers. The movement system rests on **two swivel wheels and two fixed wheels** with a 125 mm diameter, a configuration that optimizes directionality and reduces pushing effort even at maximum capacity.

Technical features

- **Type:** Folding platform trolley
- **Material:** Epoxy powder-coated steel
- **Load capacity:** 300 kg
- **Total dimensions:** W 90 x D 60 x h 84 cm
- **Platform measurements:** 900 mm (width) x 600 mm (depth)
- **Wheel diameter:** 125 mm
- **Wheel configuration:** 2 swivel and 2 fixed
- **Handle:** Easily foldable for space-saving storage
- **Platform coating:** High-grip blue non-slip mat
- **Operating weight:** 14 kg
