

## Folding veterinary scale h860\_03

Folding animal scale. Maximum load: 15 kg. Dimensions: W. 740 x D. 315 x h. 53 mm.

The **animal weighing scale** is designed for weighing small animals and its **structure is patented folding with magnetic closure**. Ideal for transport thanks to its **reduced bulk**. The scale is equipped with an **easy-to-read LC display** (digit height 15 mm). It features a **tare function** and **Hold function**, for a quick reading of the weight value after weighing. It **shuts off automatically** for energy saving and operates via **batteries**, specifically two 1.5 V AAA micro batteries included.

### Technical features:

- Dimensions open: W. 740 x D. 315 x h. 53 mm
- Patented folding mechanism with magnetic closure
- Maximum load: 15 kg
- Division: 10 G
- Functions: weighing, hold
- Automatic shut-off function
- LC display (digit height 13 mm)
- Unit switch kg/lb
- Battery operation with two 1.5 V AAA micro batteries
- (included)
