

Folding wing board W200 x H120 cm h219_26

School folding wing board. Dimensions: W200 x H120. Available in multiple colors.

Folding wing board ideal for schools and universities. Perfect for offering more space for carrying out exercises, but at the same time without being too bulky. The structure is in fact made up of a central board and two side wings that can be conveniently closed like a book so as not to take up too much space when not in use. The structure features an **anodized aluminum frame** and **porcelain steel surfaces**. The board is designed to be wall-mounted.

Technical features:

- Dimensions: W200 x H120 cm
- Material: porcelain steel
- Fixing: wall-mounted
- Modular folding structure (one central board and two side wings)
- Frame: in anodized aluminum

The product is available in the following colors:

- **white** - suitable for writing with felt-tip pens
- **green** - suitable for writing with chalk
- **gray** - suitable for writing with chalk

Special sizes and configurations can be provided upon request and subject to a quote.

****Image for illustrative purposes only**

The h219_26 school board is also available on the MEPA portal. Discover how to find our company on the [Public Administration portal](#).
