

Food serving trolley for restaurants h314_63

Professional 18/10 stainless steel serving trolley with 2 shelves (90x52 cm) and swivel wheels. 90 kg capacity for efficient HoReCa logistics.

The **h314_63 serving trolley** is a logistical solution designed to optimize dining room and kitchen operations in professional contexts such as restaurants, catering, and farmhouses. Made entirely of **18/10 stainless steel** with a sturdy 25 mm round tube structure, this tool ensures corrosion resistance and ease of sanitization, fundamental requirements for contact with food environments.

The two-shelf configuration allows for agile management of food, plates, and equipment transport, facilitating staff work and reducing service times. Maneuverability is ensured by a system of oversized **swivel wheels** that maintain stability even under full load.

Technical characteristics

- **Material:** high quality 18/10 stainless steel
- **Structure:** Ø25 mm round tube for high torsional rigidity
- **Shelves:** 2 shelves with dimensions 90x52x3 cm
- **Mobility:** 4 gray rubber swivel wheels Ø125 mm
- **Protection:** anti-shock rubber corner bumpers
- **Overall dimensions:** W.1020 x D.600 x H.900 mm
- **Operating weight:** approx. 18 kg
- **Load capacity:** approx. 90 kg
