

Footwear drying machine 15 pairs h1034_08

Vertical boot dryer for 15 pairs, in stainless steel with timer. Dimensions: W 86 x D 48 x H 200 cm.

The **H1034_08 15-pair footwear drying machine** is a **professional electric wall-mounted boot dryer**, designed for facilities that need an efficient, safe, and durable system for drying **up to 15 pairs of shoes or boots**. It is particularly suitable for **mountain hotels, ski centers, alpine huts, barracks, and operational environments** subject to intensive use and cold or humid weather conditions.

Made **entirely of stainless steel**, it guarantees **maximum hygiene, corrosion resistance, and remarkable longevity**, even in harsh environments.

The system is **ready to use**, thanks to the **230V electrical plug** already installed and the **integrated 24-hour timer**, which allows for programming the drying cycle according to the facility's needs, reducing consumption and optimizing performance.

With a **total consumption of 255W** (equivalent to **17W per pair of shoes**), it represents an **eco-friendly and efficient** solution, perfect for facilities wishing to reduce energy costs without compromising the quality of the service provided.

The heart of the system consists of **continuously bent rounded brackets**, designed to prevent lateral or downward tilting, keeping the footwear stable and ensuring **optimal warm air circulation**, which effectively dries even the tips of the shoes. The appliance is also suitable for **children's shoes and gloves**, offering maximum operational versatility.

With **over 30 years of experience in the sector** and a **total 10-year warranty**, the H1034_08 model is synonymous with reliability, construction quality, and long-term professional performance.

Technical features:

- **Structure:** entirely in stainless steel
- **Capacity:** 15 pairs of shoes or boots
- **Use:** also compatible with children's shoes and gloves
- **Dimensions:** W 86 x D 48 x H 200 cm
- **Power supply:** 230V electric with plug included
- **Energy consumption:** 255W total (17W per pair)
- **Timer:** included, 24h programmable
- **Mounting:** vertical wall-mounted, delivered ready to use
- **Recommended minimum ambient temperature:** 15°C
- **Maintenance:** maintenance-free
- **Warranty:** 10-year total

- **System:** continuous rounded brackets for optimal air circulation

User benefits:

- **Large:** drying capacity for facilities with high turnover.
- **Consumption:** low consumption and optimal energy efficiency.
- **Structure:** robust, hygienic, and long-lasting over time.
- **Installation:** simple and immediate use with integrated timer.
- **Use:** versatile for boots, gloves, and children's shoes.

FAQ:

1. **Is the product ready for use upon delivery?**

Yes, it is supplied with a pre-installed plug and integrated timer, ready to be used immediately.

2. **Is it suitable for very humid environments such as ski rooms or barracks?**

Absolutely yes, the stainless steel structure is ideal for difficult environmental conditions.

3. **Can I also use it for gloves or small shoes?**

Yes, the panel is also suitable for children's footwear and gloves, thanks to the versatile shape of the brackets.

4. **How much does consumption affect daily use?**

Consumption is extremely low: only 17W per pair of shoes, for a total of 255W at full load.

5. **What warranties are offered by the manufacturer?**

The product is covered by a 10-year total warranty, protecting the construction and functional quality.

Mini buying guide:

For hospitality, operational, or sports facilities managing high volumes of footwear, a professional boot dryer is a strategic investment. The H1034_08 model is the ideal choice for those seeking **high capacity, energy efficiency, zero maintenance, and long-term durability**. Vertical wall-mounting allows for space optimization, while the **integrated plug and timer** make it immediately operational. Ensure the ambient temperature is at least 15°C to obtain maximum performance.

Stainless steel electric boot dryer 15 pairs, professional vertical shoe dryer, boot dryer panel with timer, stainless steel shoe drying machine, shoe dryer for hotels and barracks, eco-friendly electric boot dryer, ready-to-use boot dryer with plug.
