

Forklift work platform h874_03

Aerial maintenance basket. Maximum load: 240 kg. Dimensions: W.835 x D.1040 x H.2000 mm.

The forklift work platform represents a functional element suitable for carrying out maintenance in hard-to-reach areas. **The forklift basket** guarantees maximum safety, protecting workers from the risk of slipping and accidents due to instability. The product is composed of a **tubular structure** characterized by strength and resistance and capable of supporting a maximum load of **240 kg**. The work surface is **non-slip** and the **support surface has dimensions of 740 x 740 mm**. The presence of specific stops prevents the forks from slipping.

The platform is tested according to German DGUV standards and is therefore provided with **TÜV certification**:

Technical features:

- Tubular structure
- Non-slip work platform
- Maximum load: 240 kg
- Support surface: D.740 x W.740
- With tool support
- RAL 2000 painting
- Fork pocket dimension A: 280 mm (see image)
- Fork pocket dimension B: 200 mm (see image)
- Fork pocket dimension C: 80 mm (see image)
- Dimensions: W.835 x D.1040 x H.2000 mm
- Weight: 61 kg

** Image purely indicative (refer to the dimensions in the technical sheet)*

**** PLEASE NOTE: use the product in compliance with the current safety at work regulations in the country of use**
