

## Four-seater polypropylene bench h15907

Four-seater polypropylene bench for waiting rooms. Metal structure and ultra-resistant shell. Made in Italy. Dimensions: 207x59xH80 cm.

The **four-seater polypropylene bench** is an essential furnishing element for managing constant flows of users in large waiting areas. Designed to combine functionality and robustness, this seat is composed of shells in **polypropylene copolymer**, a plastic material selected for its exceptional durability and impact resistance. The metal supporting structure, featuring a solid black painted beam, solves the operational problem of space organization, ensuring a fixed and orderly arrangement of seats. Thanks to its rational design and **Made in Italy** quality, it is the ideal solution for the professional target operating in contexts such as **post offices, banks, hospitals and clinics**.

## Technical features

- Capacity: 4 seats
- Shell material: High-resistance polypropylene copolymer
- Structure material: Metal
- Supporting beam: Black painted with 40x80 mm profile
- Total width: 207 cm
- Depth: 59 cm
- Total height: 80 cm
- Availability: Various colors for the shell
- Origin: Made in Italy
