

## Fruit display stand 120 x 150 with aluminum h757\_41

Inclined stand with aluminum top and independent front feet. Dimensions: 120 x 150 x H front foot 64 cm and H rear foot 86.5 cm.

The **fruit display stand H757\_41** is a professional inclined stand designed for setting up street vending spaces, local markets and fairs. Its structure is designed to offer **stability, robustness and optimal visibility of products**, making it ideal for the orderly display of **fruit, vegetables and flowers**.

The **120 x 150 cm** display surface is covered in **aluminum sheet** with a 9 cm collection edge.

The load-bearing structure is made of **sturdy 35x20 mm aluminum profile**, which combines **lightness and solidity**, making the stand suitable for frequent and intensive use.

The inclination of the top is obtained thanks to two **86.5 cm** rear legs and two **64 cm independent front feet**, a configuration that improves adaptability on surfaces that are not perfectly flat and allows for a **clear and effective presentation of products**.

Choose the **H757\_41 stand** with aluminum top: maximum display impact, professional structure and guaranteed visibility. Contact us for quotes for quantities.

### Technical specifications:

- **Ideal:** for fruit, vegetables and flowers in markets and fairs.

### FAQ:

1. **Is the stand suitable for outdoor display?**  
Yes, thanks to the aluminum structure and the sheet metal top, it is perfect for outdoor environments.
2. **What are the dimensions of the display surface?**  
The surface measures 120 x 150 cm.
3. **Is the stand inclined?**  
Yes, thanks to the difference between the rear foot (86.5 cm) and the front foot (64 cm).
4. **Are the front feet adjustable?**  
Not adjustable, but independent, ideal for irregular surfaces.

#### 5. Is it easy to clean?

Yes, the aluminum sheet allows for quick and hygienic cleaning.

#### Mini buying guide:

If you are looking for a solid, stable stand suitable for the **professional display of fruit and vegetables or plants**, the H757\_41 model is a reliable choice.

The **aluminum top** guarantees hygiene and resistance, while the **35x20 mm profile structure** ensures a robust but light base.

The **fixed inclination** improves the visibility of the displayed products, and the **independent front feet** make the stand more stable even on imperfect surfaces.

A compact, versatile solution suitable for intensive use in markets.
