

Galvanized steel bike rack h33714

Bicycle rack made of galvanized and powder-coated steel. Available in 5, 7 and 9-space models. Min dimensions 2000x415 mm. Made in Italy.

Bicycle rack with a **simple design** ideal for parking bicycles near schools, universities, gyms and offices.

The robust structure in **cold-galvanized** and powder-coated steel ensures excellent resistance to atmospheric agents. To allow parking even for bicycles equipped with disc brakes, the wheel-holder brackets are made with a special **patented curvature**.

To allow anchoring to the ground, this rack is equipped with a specific **corner plate for fixing** to the ground and to allow modular installation with several racks.

This product is available in 5, 7 and 9-space models.
