

Galvanized steel urban furniture bench h287_114

Backless galvanized steel bench for public spaces available in various colors. Dimensions: cm 162 x 42 x 56 h - seat height 45 cm.

Bench for public spaces with backless seat 150 cm long made with oval tubular steel slats section 40 x 20 mm equipped at the ends with black PE finned head covers, anchored to the ground by 2 supports made of round **galvanized steel** Ø 60 mm tube bent in an inverted "U" shape. Finish: The galvanized steel parts first undergo a pre-treatment degreasing process of impurities through vapor solutions, subsequently dried and subjected to painting operations using electrostatic guns that cover the pieces with powder paint in a floury state. Subsequently, the product is subjected to polymerization in an oven, a process that allows the powder to solidify by baking at a temperature of 180/200° C in a hot air circulation oven. The pieces coming out of the oven are cooled naturally. The powders used in the painting process are non-toxic according to current regulations.

Technical features:

- Material: Galvanized steel
- Available in various colors
- Anchoring: to the ground by plates
- Hardware and bolts: galvanized according to UNI 3740 standard
- Dimensions: cm 162 x 42 x 56 h
- Seat height: 45 cm
- **Bench built according to safety requirements and test methods UNI 11306:2009**

INFORMATION

- **Depth in millimetres** 420.000000
- **Width in millimetres** 1620.000000
- **Height in millimetres** 560.000000
- **Material** metallo
- **typology** without backrest
