

Galvanized water storage tank Ø 400 mm h12758

Galvanized tank for water storage, not tested. Dimensions: W. 400 x D. 400 x h. 1060 mm.

The **galvanized water storage tank** is specifically designed for domestic water systems, where low-pressure water storage is

required. Built in **sheet metal**, with a **vertical cylindrical structure**, it is subjected to **hot-dip galvanization**. The construction material and hot-dip galvanization comply with the limits imposed on materials intended to come into contact with water for human use, as per D.M. 174 of April 06, 2004.

Technical characteristics:

- Dimensions: W. 400 x D. 400 x h. 1060 mm
- Nominal capacity: 100 lt
- With connections
- Material: hot-dip galvanized sheet metal
- Type: vertical
- Cylindrical structure

**Images are purely indicative.*

INFORMATION

- **Material** steel
- **Typology** vertical
