

Galvanized water storage tank Ø 550 mm h12759

Water storage tank. Dimensions: W. 550 x D. 550 x H. 1350 mm. In galvanized sheet metal.

Hot-dip galvanized sheet metal tank for non-tested storage, equipped with **fittings**. Designed for low-pressure water storage

(suitable for domestic water systems). The tank has a **vertical cylindrical structure**, the construction material and hot-dip galvanizing process of which comply with the limits imposed on materials intended to come into contact with water for human use, as per Ministerial Decree 174 of April 06, 2004.

Technical characteristics:

- Dimensions: W. 550 x D. 550 x H. 1350 mm
- Nominal capacity: 300 l
- With fittings
- Material: hot-dip galvanized sheet metal
- Type: vertical
- Cylindrical structure
