General cleaning trolley h42220

Equipped multipurpose cleaning trolley. Chrome-plated steel structure. Dimensions: 134 x 66 x h110cm

Multipurpose trolley perfect for managing the general cleaning of environments. The product is therefore suitable for use within hospitality facilities, recreational and sports centers of various kinds.

The trolley is characterized by the presence of **two large central trays**, practical and convenient as they can be used for transporting cloths, bottles and various tools.

Thanks to the **four 6-liter buckets**, it will be possible to hold the chemicals needed for cleaning and the related tools. The different colors of the buckets will make it easier for the user to differentiate the contents of the various buckets.

The **bag holder** with a 120 lt capacity (bag excluded) is foldable after use, with the advantage of a reduction in overall dimensions.

The presence of **two 15 lt buckets** with a **wringer**, allows the detergent solution to be separated from the rinsing water, obtaining better washing results, greater hygiene, product savings, less work time and less operator effort.

The **drip tray** prevents water drops from falling on the floor during the washing phase.

The trolley features a **chrome-plated steel structure** with **100 mm diameter wheels**.
