

Glass door minibar for hotel and office h3435

39-litre glass door minibar h3435 with transparent glass door and compressor system. Energy class E, compact design W39xP41.5xH54.4 cm and mechanical thermostat.

The **Glass door minibar for hotels h3435** from the Office series represents the optimal response for accommodation facilities looking for excellent functional performance in small dimensions. This 39-litre refrigerator solves the problem of managing narrow spaces without sacrificing an attractive design: the **elegant transparent glass door** allows the internal assortment to be displayed, thus stimulating consumption by the guest. Thanks to **compressor refrigeration technology** with an internal unit, the device ensures rapid and constant cooling, ideal for meeting the strict requirements of the HoReCa sector. The structure is designed to maximize efficiency, combining a low consumption of only 0.265 kW in 24 hours with an **Energy Class E**, allowing the contents to be monitored with the door closed and thus avoiding unnecessary energy waste resulting from opening the compartment.

Technical features

- **Refrigeration technology:** compressor with internal motor unit
- **Capacity:** 39 litres
- **Energy class:** E
- **Energy consumption:** 0.265 kW / 24h
- **Door:** transparent glass, reversible
- **Opening:** front single door
- **Thermal regulation:** mechanical thermostat
- **Height:** 544 mm
- **Width:** 390 mm
- **Depth:** 415 mm
- **Weight:** 20 kg
- **Power supply:** 230Vac
