

Goods trolley capacity 200 kg h286_50

Steel sheet crate trolley with platform, 200 kg capacity and 200 mm pneumatic wheels. Professional monobloc structure W 50 x h 107 cm.

The **crate trolley with platform** is a professional solution designed for the intensive handling of heavy loads and bulky goods in logistical and industrial contexts. The **monobloc structure**, made entirely of high-thickness **steel sheet**, guarantees superior stability and optimal mechanical resistance even under the maximum operating load of 200 kg. The surface treatment with **powder coating** and oven baking in RAL 3000 red color ensures long-lasting protection against corrosion and daily wear.

Technical specifications

- **Dimensions:** W 50 x h 107 cm
- **Configuration:** Welded monobloc model
- **Maximum capacity:** 200 kg

- **Construction material:** High quality steel sheet
- **Sliding system:** High-absorption pneumatic wheels
- **Wheel diameter:** 200 mm
- **Finish:** Powder coating with oven baking
- **Color:** RAL 3000 Red
