

Gridded postural gymnastics mirror 100x170 cm h731_57

Safety mirror with grid. Dimensions: W. 100 x h. 170 cm.

Postural mirror commonly used by physiotherapists to help correct patients' posture. This model is **gridded and modular**, and is equipped with **adhesive safety film** which ensures **maximum safety** in case of breakage. The mirror is glued through the adhesive safety film onto a **compact polystyrene sheet** and onto an **MDF back cover panel**. A light and resistant **aluminum frame** joins everything together. The mirror **can be wall-mounted, installed on large surfaces or on trolleys (not included)**. **This product is patented.**

Technical features:

- Dimensions: W. 100 x h. 170 cm
- Type: gridded

- Grid rectangle dimensions: 10 x 5 cm
- With adhesive safety film
- MDF back
- Aluminum frame
- Mounting: on large surfaces or on trolley (not included)
