

## Gym mat in foam and imitation leather h. 10 cm h731\_71

Physiotherapy mat in graduated density foam (200x100x10 cm) with fireproof, washable imitation leather upholstery and rounded edges.

The **professional physiotherapy mat** is designed to support rehabilitation activities, postural gymnastics, and manual treatments that require a stable yet welcoming base. Thanks to the **graduated density foam (21 kg/m<sup>3</sup>)** structure, the mat ensures balanced body weight support, preventing excessive sinking during exercise execution. The **fireproof canvas-backed imitation leather** upholstery ensures maximum safety in healthcare and sports environments, while offering a wear-resistant and easy-to-sanitize surface.
