

Gynaecological examination couch h448_70

Gynaecological examination chair in steel with epoxy coating. Available in various finishes. Dimensions: W.180 x D.80 x H. from 52 to 92 cm.

The medical examination couch is the ideal product for **gynaecology practices** where, in addition to common couches, there is a need for a chair specifically designed **for gynaecological examinations**. The couch features a **steel structure with epoxy coating** and a **synthetic leatherette** upholstery padded with **high-density foam** to ensure greater comfort for patients. **The chair's height is adjustable from 52 to 92 cm** thanks to an electric system operated **via foot pedal**. A gas spring allows for changing the **backrest position from horizontal to seated**. **The headrest and leg holders are height-adjustable** to adapt to the patient and provide the necessary comfort.

The couch is designed to support a **maximum load of 200 kg**.
