

Gynaecological examination couch with roll holder h559_17

Gynaecological examination couch convertible into an **armchair**. Dimensions: **L194 x W68 x H78 cm**

Gynaecological couch ideal for gynaecology and medical practices. The **frame is made of grey painted metal**, complete with **roll holder, leg supports that are adjustable in all directions** and **adjustable feet** to ensure greater stability. The **cushions are reclinable** via a rack system; in particular, the inclination of the central section allows the couch to be used also as an examination chair. The **seat of the gynaecological chair is upholstered in washable and fireproof coated fabric** and features high-density padding. The couch is also equipped with a **removable stainless steel rectangular tray** that can be stored under the seat. Among the **options**, it is possible to purchase additional foldable **side handles** to make the product safer and more complete.
