

Gynecological examination table convertible into a chair h559_18

Gynecological examination table with adjustable height and TR/RTR system. Dimensions: L194 x D68 x H52/94 cm

Gynecological examination table, comfortable, robust and easy to use. With a **metal structure** equipped at the base with **4 adjustable feet**, in the central part with columns that, via an electric system, allow **height adjustment** and the achievement of the **TR/RTR position** and an upper part equipped with **paper roll holder, rectangular stainless steel tray and sliding and 360° adjustable anatomical leg rests**. The **padded surface is made of fire-retardant foam** and is covered in faux leather, which is also fire-retardant and easily disinfected. The **cushions of the gynecological chair are reclinable** via gas springs; specifically, the inclination of the central one allows the table to be converted into a **chair** so that it can also be used for specialist examinations.

Technical characteristics:

- Dimensions: L194 x D68 x H52/94 cm
- Padded surface length: 190 cm
