

Pellet stove with modern design in stainless steel h10113

Pellet stove design with a modern design and captivating, with its spacious glass allows you to see the flame that burns

Pellet stove with stainless steel panels with diamond machining of modern design and captivating, with its harmonious lines makes it particularly suitable to be placed in a sober and modern to be appreciated due to the large glass, the stunning spectacle of the flame that burns .

Technical data:

- Thermal power: 10 kW
- Yield: 87%
- Autonomy max: 32 h
- Heating capacity: 240 m3
- Fuel tank capacity: 16 kg.
- Pellet consumption: 0.5 - 2.1 kg. / H
- Dimensions flue pipe: ø 80 mm
- Dimensions air intake: ø 50 mm
- Power consumption: 50/300 watt
- Dimensions stove: L56 x D53 x H106
- Weight: 132kg

Available colors: stainless steel. CHARACTERISTICS: Made of heavy-gauge steel, complete with removable ash tray, ECU with 5 power levels, weekly programmable thermostat, flue gas temperature control probe, probe detection temperature, conductivity probe temperature control container pellets, pressure safety control rod pipe, digital control console and remote control, self-cleaning glass, exit flue in the back, easy access to internal components, high capacity feed hopper for long-lasting power.

INFORMATION

- **Height** 106 cm
- **Width** 56 cm
- **Depth** 53 cm
- **Material** Steel
- **Power** 10 kw
- **Capacity** 16 kg
- **volume** 240 m3
- **pellets consumption** 0,5 - 2,1 kg./h
