

## Modular bottle rack in wood h10203

Modular wine rack in stained wood finish available in natural, cherry or wenge. Capacity: 9/12 bottles

Elegant and simple bottle holder in stained wood that thanks to its modularity allows to create alveolar structures from the most varied shapes and configurations.

It easily adapts to any type of rustic and classic furniture and every cell can accommodate the most common form of bottles, from the classic Bordeaux bottle to the most common of sparkling wine. Each bottle has its space to which the label is not damaged and the horizontal position allows to keep the cap wet for a better preservation of wine.
