

Modular shelf in stainless steel 70x40xh180 cm h11130

Modular shelf 4 smooth shelves. The basic element in bolt. Italian product.

Shelves built entirely in AISI 304 stainless steel, a steel used specifically for the manufacture of professional products, formed by a specific percentage of carbon, iron and chromium, which are based on:

- excellent resistance to corrosion
- ease of cleaning
- good hygienic coefficient
- easy to work
- lifespan

The basic element is a bolt, with supporting structure on the upright corner 35x35 15/10 in thickness. Smooth shelves with a

thickness of 8.10. The pillars have a height of 180 cm and the shelf is equipped with bolts and plastic feet, very useful if you do not want to ruin the floor when moving the structure.

The shelving has anti-cut edges for added security. The finish of the frame is glossy.
