

Lamppost with three lights for outdoor cast aluminum h16893

Lamppost with three lights for outdoor cast aluminum

Big outdoor lamp post with three lights made of aluminum, a material that makes it highly resistant to weathering. The diffuser is made of transparent polycarbonate, a material highly resistant and weather resistant and impact resistant.

The connection for the bulb is E27, screw diameter of 27 mm.

The degree of protection for the lamps are IP44. The degree of protection is a code that summarizes the level of protection of electrical equipment against contact with object and water, this value is important especially when you have to build a plant outdoors. It is important that the entire apparatus electrical / optical of our product is adequately protected from the elements (dust, flies, rain, humidity, etc.) in order to maintain the operation in time. At the end of the fixed IP followed by two digits, the first digit indicates the protection against access of solid bodies, the value of 4 indicates that the equipment is protected against solid bodies larger than 1 mm. The second digit indicates the protection against access of liquids. The value 4 indicates that the device is protected from splashes.

The lamp is Class 1 insulation, the insulation class is a value that indicates the degree of protection from the risk of electric shock due to a fault. Appliances with protection class 1 are those in which in addition to basic insulation is a further protection from the connection, with the classic yellow-green cable with the grounding system of the electrical installation of the building.

Features:

- height 252 cm
- Class 1
- type of connection for the bulb E27
- degree of protection IP44
- voltage 230v 50hz
- width 57 cm
- width single lamp 24 cm
- three lights

INFORMATION

- **Width** 57 cm
- **Material** aluminum
