

Umbrella stand with 8 seats basin recovery h2062

Portaombrelli 8 places ideal for areas with grandea turnout

Ideal umbrella stand in the waiting rooms, in the entrance of shops, offices, agencies, thanks to its robust body made of stainless Venicia epoxy. The paint espossidica ensures to a coating metal articles that can protect in time, a coating that compared to corrosion and chemical resistance behaves as a plastic coating.

The epoxy coating ensures high mechanical strength, hardness and durability.

The basin recovery is removable to empty with ease while the lower grille stops the tips of umbrellas.

Technical features:

- 8 places
- height 54 cm
- width 52 cm
- depth 26cm
- steel body
- removable drip tray recovery
- lower grille stops tip
