

## Square umbrella stand in steel h2246

Portaombrelli square available in both stainless steel and in black painted steel version

A classic umbrella stand that fits your hotel, shop, bar or restaurant. From simple design, this umbrella stand fits any environment thanks to its square shape and its strength and toughness, also guaranteed by the material of which it is composed, the steel.

Although very often mistreated, the umbrella stand is one of those accessories to home furnishings that you notice with greater ease, being placed at the entrance of the dwelling or business; represents a business card and his choice can not be left to chance.

Steel is in fact a very durable material, easy to clean and maintain.

In particular the steel is:

- corrosion resistant
- temperature resistant
- hygienic
- long lasting
