

Minibar for hotel office h3235

Minibar with 39 lt capacity with transparent glass door

Minibar from 39 lt to showcase door with full transparency. The minibar h3535 offers an elegant visual effect and offers the opportunity to see the products available inside. This prevents unnecessary opening of the door to check the contents of the minibar, realizing energy savings and optimizing the operation.

The operating system has the compression reversible door and magnetic closure as standard.

Another characteristic feature of this bar is the compression operation that ensures high performance even in extreme temperatures

- also works in an inclined position
- ensures low power consumption
