

## Hand dryer energy-saving and environmentally friendly h3379

Electric hand dryer energy saving with sensor with sleep initiation of security standards. Available in white and gray.

Electrical towels:

- 43 times cheaper than rolls of cotton
- 33 times cheaper than paper
- 5 times cheaper than traditional hand dryers

Made in Italy.

Easy & ergonomics: how to use with the inclusion of hands horizontally, which combines ergonomics with ease of use for all user groups. Less consumption ... super speed & energy savings extreme: optimization of the air flow through the system circular saw blades 4: speed 425 Km / h and drying in 10-12 seconds. Total power. of only 1100 W, and the absence of resistance to extremes energy saving, saving of over 95% compared to other drying systems. Designing customer-oriented: developed and designed according to a study of the needs of customers and compared to the "Achilles heel" of the existing models. The dual sensor startup and light sensors alert (full pan / brush motors exhausted / cleaning HEPA filter) allow easy monitoring of the life cycle of the product and minimize the need for technical assistance, in particular the urgent needs due to a lack of maintenance- monitoring by the final customer. Integrated Hygiene: antibacterial protection and the environment of use, guaranteed by the HEPA filter H13 against 99.997% of airborne bacteria and the collection of residual water in the pan, no more drain on the ground. Designing the future: contemporary design & Made in Italy.

The HEPA filter is available as an option, provides protection against 99.997% of bacteria present in the air that is used during the drying process.

Specifications:

- Sensor boot with auto-off safety
- drip tray
- 100% digital motor
- 100% free from carbon emission in the environment
- Operation: Double detection sensor electronic
- RPM: 32000 rpm
- degree of protection IP 44 - CLASS II
- voltage 220V-240V
- Air volume 187 m<sup>3</sup> / h - 52 l / s
- total power of 1100 W
- power resistance: no resistance
- 1100 W motor power
- Dimensions (HxWxD): 442x350x233 mm
- Frequency 50-60 Hz
- Air speed 425 km / h
- weight 4.5 kg
- abs material
- quality marks CE RoHS WEEE GOST

## INFORMATION

- noise (2 m) 75 db
- 5 year warranty
- drying speed 10-15 seconds
- installation height from the ground
- **activation** photocell
- **Punti di forza** the ecologists
- **tipologia** di nuova generazione
- **Material** plastica
- **warranty** 5 anni
- **Power** 1100 W
- **Potenza in watt** 1100.0000
- **Height** 44,2 cm
- **Profondità in millimetri** 233.0000
- **Larghezza in millimetri** 350.0000
- **Altezza in millimetri** 442.0000
- **Depth** 23,3 cm
- **Width** 35 cm
- **Tempo di asciugatura** 10-12 sec
- bathroom men 135 cm
- bathroom women 130 cm
- Disabled bathroom 105 cm
