

Hand truck for couriers h55_138

Hand truck for couriers h55_138 in galvanised steel, load capacity 300 kg, solid wheels Ø 200 mm. Ideal for heavy-duty outdoor transport.

The **hand truck for couriers h55_138** is a professional logistical support designed for handling heavy and voluminous loads in intensive contexts. The structure is entirely made of **electrowelded tubulars and plate**, subjected to **galvanic galvanizing** to ensure total protection against corrosion and atmospheric agents, making it the ideal tool for outdoor use.

Ergonomics is ensured by the **straight back** and an **enlarged loading plate** (40 x 16 cm), which allows for stabilizing bulky parcels, crates, and boxes with extreme ease. Operational safety is supported by **non-toxic rubber handles** with ergonomic grip and high-performance rolling mechanics on various industrial surfaces.

Technical features

- **Structure:** electrowelded steel tubulars and plate with galvanic galvanizing
- **Total dimensions:** W 50 x D 40 x H 110 cm
- **Loading plate:** 40 x 16 cm
- **Empty weight:** 12 kg
- **Maximum capacity:** 300 kg
- **Wheels:** 2 solid rubber wheels Ø 200 mm with black rubber ring
- **Wheel hardness:** 82±4 Sh.A
- **Hubs:** in zinc-chrome plated stamped and riveted steel sheet
- **Handle:** ergonomic grips in non-toxic rubber
- **Usage surfaces:** stoneware, asphalt, concrete and resin
- **Compliance:** CE regulations
- **Supply condition:** assembled and ready for use
