Hand wash column with waste bin in stainless steel h21885

Hand wash basin with front inspection opening, in **AISI304 stainless steel**. Timed **push-button** tap. Waste container. Dimensions **mm 350x300x850h**

The hand wash basin is an essential piece of equipment for professional kitchens. Highly used also in hospital environments.

In compliance with regulations, the structure of this hand wash basin is in AISI 304 stainless steel.

A convenient waste container with a swinging door is located under the sink.

The timed tap is activated via the foot pedal located at the base of the structure.

The simple and linear design is designed to facilitate cleaning operations. While a practical front inspection opening facilitates maintenance operations.

Technical features:

- Dimensions: mm 350 x 300 x 850 (W x D x H)
- Structure: AISI 304 Stainless Steel
- Finish: satin
- Timed push-button tap
- Front inspection opening

- Non-return mixing valve
- Waste container
