

Heated showcase in stainless steel 3-storey 50 cm h0999

Heated stainless steel - 3 floors. 50x35x54h cm Dimensions (WxDxH)

Heated stainless steel - 3 floors. 50x35x54h cm Dimensions (WxDxH)

The bar cabinet is constructed of **stainless steel**, with the sides and doors on both sides of transparent plexiglass to allow greater usability and convenience. The shelves are **removable**.

Heating takes place by means of resistance with temperature control by **thermostat** 30/90 ° C, light switch and indicator lamp operation. Cable with plug and humidification device.

The stainless steel has many advantages, it is in fact:

- Corrosion resistant
- Resistant to temperatures
- Electrical conductor
- Weldable
- Hygienic
- It requires minimal maintenance
- Long-life

Specifications:

- stainless steel
- sides and doors on both sides of transparent plexiglass
- pull-out shelves
- light switch
- operation lamp
- cable with plug
- humidification device
- heating by resistance
- temperature regulation by Thermostat 30/90 ° C
- height 54 cm
- width 50 cm
- depth 35 cm
