

Heavy duty crate trolley h55_136

Crate trolley h55_136 in steel, capacity 250kg. Wide back for bulky packages and pneumatic wheels. Professional, ready for use.

The **h55_136 crate trolley** is a professional solution designed for the safe handling of crates, packages, and particularly bulky items. Thanks to the **wide straight back**, the trolley offers additional support that stabilizes the load, solving the typical challenges of transporting large volumes in industrial, commercial, or domestic contexts.

The structure is built to withstand intense stress: the frame is **fully welded** and protected by an **acrylic powder coating** in green RAL6018, which guarantees high protection against mechanical wear and oxidation. Maneuverability is ensured by an **ergonomic handle** that facilitates pushing even at full load, optimizing the operator's effort.

Technical specifications

- **Structure:** fully welded steel with wear-resistant acrylic powder coating
- **Total dimensions:** W 60 x D 55 x H 127 cm
- **Loading plate:** 42 x 22 cm
- **Unladen weight:** 14 kg
