

Heavy-duty hand truck h55_139

Professional galvanized hand truck, 250 kg capacity, Ø 260 mm pneumatic wheels and wide toe plate for bulky loads in outdoor environments.

The **heavy-duty hand truck h55_139** is a professional solution designed for the safe handling of heavy and bulky loads in logistical and industrial contexts. Featuring a **straight back** and an **extended toe plate**, it facilitates the transport of large packages, crates, and boxes. The **galvanic galvanizing** treatment ensures long-lasting protection against corrosion and oxidation, making this tool particularly effective for use in outdoor environments subject to atmospheric agents.

Technical features

- **Structure:** electro-welded tubulars and plate with galvanic galvanized finish
- **Total dimensions:** W 56 x D 45 x H 110 cm
- **Toe plate:** 400 x 160 mm
- **Load capacity:** 250 kg
- **Wheels:** 2 pneumatic Ø 260 mm with inner tube and 4-ply tires
- **Rotation mechanics:** nylon wheel core and rolling on roller cage
- **Recommended tire pressure:** max 2.0 bar (30 psi)
- **Handle:** ergonomic grips in non-toxic rubber
- **Surface compatibility:** suitable for stoneware, asphalt, concrete, resin, gratings, and dirt
- **Operating weight:** 10 kg
- **Compliance:** certification according to CE regulations
- **Supply:** delivered assembled and ready for use
