

Hexagonal table with melamine top h848_34

Hexagonal table h848_34 (120x104x53h cm) in 25 mm thick melamine and Ø 40 mm tubular for nursery school. Customizable colors on request.

The **Hexagonal table with melamine top h848_34** is a furniture solution for children designed for setting up classrooms and educational contexts. This product meets the operational need to organize stable and safe group workstations for early schooling, reducing the risk of accidental impact thanks to the design of the top with rounded edges. Targeted at nursery schools, kindergartens, playrooms, and managers of educational centers, the table has dimensions of 120 x 104 cm with a height from the ground of 53 cm and a net weight of 30.90 kg. The furniture consists of a 25 mm thick melamine top supported by a tubular structure with a diameter of 40 mm. As standard, the structure is offered in Light Grey and Metallic variants, while the top is provided in Ivory, with the possibility of requesting the table in different colors upon request.
