

High service unit with wall units h09_203

High service unit for restaurant dining room in melamine. Dimensions 92x48x153h cm, equipped with 2 upper wall units, 2 cutlery drawers, 2 doors and multidirectional wheels. Walnut finish.

The **high service unit for restaurant dining room** is a complete workstation, designed to centralize the organization of dishes and accessories in professional HO.RE.CA. contexts. The structure is made of high-quality **melamine wood**, supported by a robust **plastic-coated steel** wall unit support frame. Thanks to its vertical configuration, it offers an extraordinary storage capacity in a small footprint: it has **2 upper wall units** for glasses or visible accessories, **2 cutlery drawers** (one with internal divider) and **2 lower doors** for plates and linens. Multidirectional wheels allow to move the unit easily, making it a flexible ally for dynamic dining room management.
