

## Horizontal baby changing station for public bathrooms h20\_109

Wall-mounted horizontal baby changing station for bathrooms in shopping centers and motorway service areas equipped with a nylon safety strap. Color: white.

The **h20\_109 horizontal baby changing station** represents a solution with an essential and functional design, ideal for equipping public restrooms in high-traffic contexts such as restaurants, shopping malls, airports, and motorway service stations. The structure is made of white **high-density polyethylene (HDPE)**, a material chosen for its robustness and ease of sanitization. To ensure maximum safety and smooth movement, the changing station is equipped with a **steel opening hinge with a damped gas spring** and steel rear mounting plates that ensure total stability on the wall. The support surface is wide and comfortable, completed by fall-prevention side edges and an adjustable waterproof nylon safety strap, offering parents a practical and protected changing area.

## Technical features

- **Material:** High-density polyethylene (HDPE)
- **Configuration:** Horizontal with wall mounting
- **Color:** White
- **Tested capacity:** Approximately 50 kg
- **Mechanism:** Damped gas spring for controlled opening
- **Internal structure:** Mounting plates and hinge in steel
- **Safety:** Adjustable waterproof nylon strap, fall-prevention edges
- **Dimensions:** W. 895 x D. 489 x H. 480 mm
- **Safety standards:** Compliant with EN 12221:2008 and EC Directive 93/42/ECC (Annex V)
- **Certifications:** TÜV certified
