Hospital laundry trolley h13_233

Clean laundry trolley in antimicrobial painted steel (67x64x128 cm), equipped with 3 shelves, lockable doors and non-marking wheels.

Professional solution designed for the storage and handling of clean laundry within **healthcare and hospital environments**. The supporting steel structure is treated with **antimicrobial** epoxy powders, a fundamental feature to ensure maximum hygiene and prevent the proliferation of pathogens on surfaces. The design integrates a top surface in high-resistance plastic technopolymer and an ergonomic handle to facilitate steering in corridors and wards.

Technical characteristics

- **Structure:** Antimicrobial epoxy powder-coated steel.
- **Configuration:** 2 hinged doors with centralized key lock.
- **Internal organization:** 3 large shelves for laundry subdivision.
- **Upper surface:** Worktop in plastic technopolymer material.
- **Dimensions:** W 67 x D 64 x H 128 cm.
- **Movement:** 4 non-marking swivelling wheels Ø 125 mm, 2 of which are equipped with pedal brakes.
- **Supports:** Reinforced plastic for greater stability of the rotating system.
- **Origin:** Made in Italy product.
