Hospital laundry trolley h919_16

Stainless steel soiled linen trolley, 50x50x102 cm. Professional, durable and hygienic structure for healthcare and care contexts.

This **soiled linen handling trolley** has been designed to meet the rigorous hygiene and functionality requirements within healthcare environments. Thanks to its **stainless steel structure**, the device guarantees prolonged resistance to frequent sanitization processes, solving issues related to cross-contamination and mechanical wear in high-intensity operational contexts such as hospitals and nursing homes.

Technical features

- **Structure material:** high-resistance stainless steel
- **Intended use:** soiled linen collection and transport
- **Weight:** approx. 7.6 kg
- **Total dimensions:** W. 50 x D. 50 x H. 102 cm
- **Configuration:** lightweight self-supporting frame
