

Hospital screen with plastic curtains h559_04

Hospital screen 3 panels, 30x15mm oval tube, epoxy grey, 180x180cm, adjustable feet.

The 3-panel hospital screen represents a functional and reliable solution for creating separate and controlled spaces in healthcare environments, wards, clinics, and waiting rooms. Designed to isolate treatment or rest areas, it offers positioning flexibility thanks to the mobile and folding structure, adapting to different layout configurations without requiring fixed installations.
