

Hospital screen with wheels h559_05

Medical screen with 3 folding panels, 30x15mm oval tube painted gray, 180x180cm, with cotton curtains and 4 wheels.

The screen is a **separation and privacy** solution designed for healthcare environments such as doctor's offices, hospitals and clinics. It allows for the temporary isolation of patients during visits, diagnostic or therapeutic procedures, ensuring confidentiality and space organization.

The structure in **30x15 mm oval tube** painted with gray epoxy powder ensures robustness and ease of sanitization. The **3 folding panels** fold back on themselves to reduce bulk, while the **cotton curtains** diffuse natural light while maintaining opacity. The **4 wheels** allow for rapid movement without the need for lifting.

Technical features

- Dimensions: width 180 cm (3 panels of 60 cm each), height 180 cm
- Frame material: 30 x 15 mm oval tube
- Finish: gray epoxy powder coating
- Panels: 3 folding panels
- Curtains: natural cotton
- Mobility: 4 wheels
- Weight: 14 kg
