

Hospital ward wardrobe with 2 doors h776_99

Hospital ward wardrobe with 2 doors, upper compartment and 2 lower drawers. Dimensions: W 90.2 x D 60 x H 199.4 cm.

The **H776_99 wardrobe** is a complete and functional solution, perfect for **double ward rooms in hospitals, nursing homes (RSA), clinics and healthcare facilities**. Thanks to its double configuration with **two hinged doors, upper compartment and 2 lower drawers**, it guarantees an orderly and separate management of personal space for two patients.

With a width of **90.2 cm**, it allows for a smart and well-distributed organization, offering **large sections for hanging clothes**, an upper space for less used items and **two large drawers for linen or personal items**.

The door protects the contents from dust and external agents, ensuring hygiene and privacy. The materials used and the **sturdy structure** make the furniture suitable for intensive and daily use in healthcare environments.

The design is sober and functional, easily coordinated with every healthcare furniture style. It is available in **various wood-effect finishes**, to customize the ward environment according to the facility's needs.

Optimize spaces in double rooms with the **H776_99 wardrobe**. Request a custom quote for your healthcare facility now.
